Administrative duties as Corporate President: Comprehensive psychological practice, including clinical duties in psychotherapy (individual, group, family and couples). Outpatient and inpatient services (inpatient services both in psychiatric facilities and medical/surgical acute care facilities). Consultation with and for attorneys, physicians, organizational managers in industry, and to educators. Specialization areas: Bariatric surgery psychology, addiction, phobic conditions, chronic pain management, obesity and eating disorders, family violence, medically involved profiles (AIDS/oncology), death and dying, serving the mental health needs of the gay, lesbian, bi-sexual & transgender population (LGBT) and community and professional training, (includes serving on doctoral committees and as consultant to doctoral learners for the Union Institute. Expert witness in field of bariatric surgery psychology. Many of the above patient population were active first responders and/or veterans of military service.

Melodie K. Moorehead, Ph.D., Joan M. DiGregorio, Ph.D., P.A. 1983 to 1995

Administrative duties as Corporate President: Comprehensive psychological practice, including clinical duties in psychotherapy (individual, group, family and couples). Outpatient and inpatient services (inpatient services both in psychiatric facilities and medical/surgical acute care facilities). Consultation with and for attorneys, physicians, organizational managers in industry, and to educators. Specialization areas: Bariatric surgery psychology, addiction, phobic conditions, chronic pain management, obesity and eating disorders, family violence, medically involved profiles (AIDS/oncology), death and dying, serving the mental health needs of the LGBT community, and professional training, (including serving on doctoral committees and as consultant to doctoral learners for the Union Institute. Expert witness in field of psychology.

Pain Care, Inc. 1994 to 1997

Pain Care Center at Florida Medical Center Hospital South, Plantation, FL
Medical Directors: Gerald Goldberg, M.D.; Robert Schulthorpe, D.O.
Served as staff psychologist in this comprehensive interdisciplinary pain care program dedicated to the mitigation of all pertinent pain diagnosis from chronic to severe, acute profiles with various sub-specialties, conducting evaluation, treatment planning, providing diagnostic consultation and implementing treatment.

Comprehensive Weight Management: Weight for Life™ 1995 to 1996

Behavioral Medical Director: Under national contract standardized behavioral health programs in bariatric surgery for thirteen different hospitals throughout the United States.

Melodie K. Moorehead, Ph. D., ABPP

Curriculum Vitae

Page 4

Visiting Faculty

1983-84 & 1988-89

University of Miami, School of Continuing Studies, Coral Gables, FL

Creation and implementation of first specialized post-graduate education programs for the continuing education (CE) requirements of varied disciplines; physicians, psychologists, social workers, dentists and attorneys. (Two Major programs developed: May 1984, 'Affectional/Sexual Preference: A Training Seminar'; June 1989, 'AIDS Are You Prepared?').

Psychotherapist (Master's Level)

1980 to 1983

Sites: Coconut Grove, FL, and Progresso Plaza, Fort Lauderdale, FL

Duties included providing adult individual, group and couples psychotherapy; culturally sensitive mental health services to the LGBT population. Diagnostics and consultation to community professionals via extensive mass media exposure in outreach and support of full equality, as a pioneer in the LGBT movement. Notably, for example in this regard, participated in radio interview with Sergeant Leonard Matlovich, USAF. (Dr. Ted Aidman provided interdisciplinary training and supervision, weekly group format).

Psychotherapist (Master's Level)

1979 to 1980

Site: Coconut Grove, FL

Duties included providing adult individual, group, couple psychotherapy; culturally sensitive mental health services to the LGBT patient population. Diagnostics and consultation to community professionals via extensive mass media exposure in outreach and support of full equality, as a pioneer in the LGBT movement. (On site psychologist and supervisor, Alan Rockway, Ph.D.).

Community Outreach Coordinator and Psychotherapist 1978 to 1979 Transperience Center, Miami, FL (Federally Funded Program)

Responsibilities in this position included development and implementation of varied culturally sensitive mental health services to the LGBT community, with consultation at psychiatric and medical facilities. Public educational programs and media presentations were conducted to promote public relations, awareness and fund raising. Emphasis on adult individual, group and community therapy. Diagnostics and consultation to community professionals via extensive mass media exposure in outreach and support of full equality, as a pioneer in the LGBT movement. Notably, for example in this regard, television exposure with Anita Bryant in Point Counterpoint Debate.

Psychotherapist 1977-1978

Coconut Grove, FL

Entry-level practitioner providing adult individual psychotherapy and crisis intervention services under the supervision of Dr. Ted Aidman.

Volunteer: 1969-70
